2018 Michigan Work Society Meeting

Connect with current and former faculty and trainees of the University of Michigan Department of Otolaryngology-Head and Neck Surgery
The Michigan Work Society, formerly known as the Walter P. Work Society, was established in 1978 by alumni who received their training under the direction of Walter P. Work, M.D. The society was created in order to acknowledge these trainees' gratitude for Dr. Work's teachings, guidance and leadership.

Today the Michigan Work Society is open to former and current department trainees and faculty. During a bi-annual meeting, members come together to learn about the progress of the department, share scientific presentations and enjoy each other's company through a variety of social events.

ACADEMIC MEETING

The theme of this meeting is pediatric otolaryngology surgery. The content of this program is targeted for physicians, fellows and residents who specialize in otolaryngology-head and neck surgery. At the conclusion of the program, participants will know and be able to implement contemporary techniques in pediatric otolaryngology surgery for assessment and management of otolaryngologic conditions to enhance clinical performance and improve patient outcomes.

The University of Michigan is accredited by the Accreditation Council for Continuing Medical Education (ACCME) to provide continuing medical education for physicians.

The University of Michigan Medical School designates this live activity for a maximum of 4.25 AMA PRA Category 1 Credit(s)™. Physicians should claim only the credit commensurate with the extent of their participation in the activity.
