**Target Audience**
The faculty of the University of Michigan Department of Ophthalmology and Visual Sciences welcomes comprehensive ophthalmologists, pediatric ophthalmology specialists, pediatricians, and other ophthalmologic subspecialists, trainees, and allied health personnel.

**Course Description**
Ocular and strabismus problems in children present unique challenges to ophthalmology practices. This Symposium will aid participants in understanding and handling such challenges. Recent developments in pediatric ophthalmology including improving outcomes of craniosynostosis and ocular diagnosis of shaken baby syndrome will also be discussed.

**Course Objectives**
Upon completion of this activity, participants will understand and be able to implement:
1. Diagnostic and treatment options for common pediatric ophthalmologic disorders
2. Indications and advantages of treatment for amblyopia and strabismus
3. Improving outcomes of craniosynostosis and referring patients appropriately

The University of Michigan Medical School is accredited by the Accreditation Council for Continuing Medical Education (ACCME) to provide continuing medical education for physicians.

The University of Michigan Medical School designates this live activity for a maximum of 4.0 AMA PRA Category 1 Credit(s)™. Physicians should claim only the credit commensurate with the extent of their participation in the activity.
