IUI & TDI - Approximate Fee Schedule July 1, 2023 - June 30, 2024

To assist in your financial planning, we have prepared an **ESTIMATED** fee list for the cost of intrauterine inseminations. This list does not include all the costs of all office visits, diagnostic tests, laboratory tests, and medications. Unfortunately at this time, most insurance carriers do not cover the cost of intrauterine insemination. Therefore, you will be responsible for all services not covered by your insurance carrier. The fees for laboratory and ultrasound services will be billed to your insurance carrier. For any financial fee questions, please call (734) 763-6295, Option 1 to speak with the Financial Counselor.

Your physician will determine if additional monitoring is needed in given cycle prior to the procedure.
