

# 14TH INTERNATIONAL SYMPOSIUM AND POSTER SESSION

Wednesday, November 13, 2024  
BSRB Kahn Auditorium

## VIRTUAL MORNING SESSION - "Modeling Cell & Tissue Development"

**Vincent Pasque, Ph.D.**  
KU Leuven

*"Modelling Early Human Embryogenesis with Naïve Pluripotent Stem Cells"*

**Catarina Homem, Ph.D.**  
NOVA University Lisbon

*"Asynchronous transcription and translation as timers of neuronal maturation in Drosophila"*

**Xavier Trepas, Ph.D.**  
Institute for Bioengineering of Catalonia

*"Bottom-up mechanobiology: from cell sheets to organoids"*

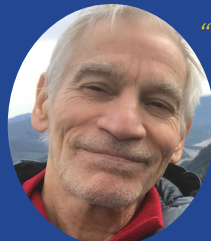

## IN-PERSON AFTERNOON SESSION - "Maintenance, Repair & Regeneration of Sensory Systems"

**Alice Accorsi, Ph.D.**  
University of California, Davis

*"Apple snails provide a new point of view to look at eye regeneration"*

**Keynote: Thomas Reh, Ph.D.**  
University of Washington

*"Reprogramming glia to regenerate neurons in the retina: it's not too late to change their fate"*

**Linda Barlow, Ph.D.**  
University of Colorado

*"Regenerating a Sense of Taste"*

**Joshua Emrick, D.D.S., Ph.D.**  
University of Michigan

*"Intradental Mechano-Nociceptors Serve as Sentinels that Prevent Tooth Damage"*

**Tatjana Piotrowski, Ph.D.**  
Stowers Institute for Medical Research

*"Mechanisms controlling proliferation and cell type specification during zebrafish sensory hair cell regeneration"*

**Bradley Goldstein, M.D., Ph.D.**  
Duke University

*"Mechanisms of damage and repair in the olfactory system"*

**REGISTER FOR SYMPOSIUM & SUBMIT YOUR ABSTRACT TODAY!**

**Deadline October 28 by 11:59PM • Questions? [CPOD-contact@umich.edu](mailto:CPOD-contact@umich.edu)**

**You will be directed to the registration & abstract submission page after scanning the QR Code**
