

Dear Candidate,

Welcome to the University of Michigan Emergency Medicine Residency Program! We are thrilled that you are interviewing with us, and we want to make this experience as pleasant and informative as we can.

Our goal is to make sure you get to know us as much as possible and have all your questions answered. In addition to the structured interview day, there will be plenty of opportunities to get to know our program and our residents. The evening prior to your interview day, there will be an informal virtual session with a small group of our residents on Gathertown at 6:00PM EST. Please feel free to have your pets, children and/or significant others participate in this virtual session. Details will be emailed to you prior to your interview.

We firmly believe that we have 64 of the best residents in the country. If at any time the virtual interview experience does not satisfy your curiosity about the training between our three diverse sites, life in Ann Arbor, or anything else about our program, do not hesitate to reach out! We are happy to talk to you ourselves or connect you to someone in the residency with a specific shared interest.

We are extremely proud to be part of this program, and we are excited to show you who we are.

Sincerely,

The University of Michigan Emergency Medicine Chief Residents
