Recipes submitted by Eve Losman:

The Bonnassieux Ratatouille

Take the bounty of August and September—chop and put in a big pot with a good glug of olive oil and salt and bake to... cook.

1 part Dijon mustard – Maille is the family choice, Grey Poupon is a perfect substitute
1 part white vinegar – Sherry wine / Red wine is what we use
3 parts Olive Oil
Salt and pepper to taste; minced garlic clove is an option and minced shallot is another

In a small bowl, mix the mustard, vinegar, and salt – then combined, see it emulsify and make a dense dressing – perfect for tomatoes, greens, cucumbers, steamed asparagus, grilled veggies, etc.

Left overs can be refrigerated; take out 30 minutes before use and warm again.

Anonymous Story Submitted:

Someone approached my fiancé and I and asked if we were twins (we don’t look alike at all... one of us has brown hair and brown eyes and the other is blonde hair blue eyes). They then proceeded to ask if we were sisters, then friends. Well, we are good friends and we are married, but we’re not twins. We’re not sisters, we’re not friends. We’re engaged and have been together for 8 years. So, yes I guess we are pretty good friends. Always remember to ask how people know each other and don’t make assumptions about their relationship! It is awkward and not fun for anyone involved.

Renee Havey AES (pictured) that was out the DEI Board by AES and check it out. Way to go Renee, this board each work goes in to thought and hard work. Be sure to swing by and check it out. Someone else is also gone and I am pretty sure he was from scrab.

Bebe Moore Campbell National Minority Mental Health Awareness Month was established in 2008 to start chang- ing the conversation about mental health conditions, health coverage and the stigma of mental illness requires all of us. In many communities, these problems are increased by lack of access to care, cultural stigma and lower quality care. Please visit www.nami.org/mmh for more information as well as saga (Emerging Mental Health Voice for the Black Community), Mental Health and Gender Dynamics, Importance of Community in Indigenous Peoples Healing; Finding My Voice in Therapy as a South Asian as well as many many more and Personal Stories.
