

Community Health Network is seeking board eligible or board certified Internal Medicine physicians for outpatient opportunities in Indianapolis, Indiana and surrounding areas. We are a physician-led organization, and are proud to be one of the first networks in the nation to create and implement a **Center for Physician Well-being and Professional Development!**

We Offer:

- An integrated, supportive team approach to patient care
- Built-in referral network via robust EMR (Epic)
- Competitive compensation and benefits package
- Largest Indiana network of primary care physicians through Community Physician Network
- Community doctors rank #1 nationally in patient satisfaction
- Community Physician Network ranks #1 nationally for overall ambulatory provider rating and likelihood to recommend

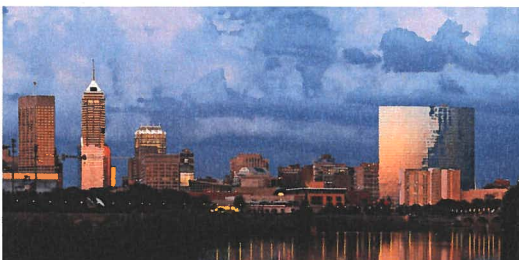

Current Opportunities:

- Outpatient only
- Highly flexible to promote a great work/life balance
- An integrated, supportive team approach to patient care including pharmacists, dietitians, social workers, and behavioral health
- Electronic Medical Record (Epic)
- Shared call schedule

Licensure & Certifications:

- Board certified/board eligible in Internal Medicine
- Licensed in Indiana or eligible for medical licensure in Indiana

Community Health Network has brought together more than 1,000 primary and specialty care providers who focus on delivering exceptional care. As part of one of the nation's most integrated health systems, our physicians are well supported not only by each other, but also by facilities, technologies and a culture that address their patients' needs at every step. Join a network built by physicians and focused on patients!
