About Munson Healthcare

Munson Healthcare is northern Michigan’s largest and leading health care system. The system consists of nine award-winning community hospitals, including a regional referral center, four Critical Access hospitals, a surgery center, a cancer center, a heart center, extensive outpatient treatment and rehabilitation facilities, and ancillary emergency, transportation, and home-based medical services covering 24 counties in Michigan’s northern Lower Peninsula and eastern portion of the Upper Peninsula.

About the Area

Northern Michigan offers a rare opportunity. As a four-season paradise, the region boasts beautiful scenery, year-round activities, and safe, family-friendly communities with excellent public, private, and parochial schools. The region has received numerous awards recognizing it as one of the best places to live in the United States.

There is something for everyone, from world-class golf to cross-country skiing, and plenty of water for sailing, swimming, and kayaking. Vibrant fruit, wine, and microbrew industries dot the region. Unique shopping boutiques, festivals, galleries, bustling farmers markets, and an array of locally-owned restaurants make this region a great place to live, work, and play.
