FRIDAY, MAY 19, 2017
Sheraton Detroit Novi Hotel
Novi, MI
The goal of this course is for the following objectives to be understood and utilized within your practice:

- When and who to treat with HCV
- Efficacy and safety of novel oral antiviral agents in special patient populations including decompensated HCV cirrhosis and dialysis patients
- Reasons for readmission of cirrhotic patients and effective strategies to minimize readmissions
- Indications and outcomes with living donor liver transplantation
- Benefits of normothermic vs. hypothermic cooling of donor organs
- Recent proposals regarding liver allocation
- How to diagnose and treat chronic kidney disease after liver transplantation
- How to refer patients with substance use disorders to local mental health providers (ER vs. outpatient appointment)

From the West: Take Highway M-14 to Interstate 275 North. Proceed on I-275 to Exit 167 (8 Mile Road). Turn left (West) on 8 Mile Road to Haggerty Road. Turn right (North) and continue 0.5 miles. The hotel is on the left.

From the East: Take Interstate 696 West to Interstate 275 North. Proceed on I-275 to Exit 167 (8 Mile Road). Turn left (West) on 8 Mile Road to Haggerty Road. Turn right (North) and the hotel will be on the left.

CONFIRMATIONS: Conference registrations, including parking information and maps, will be confirmed by email. If you do not receive confirmation, or if the information is in question, please contact 734-936-7093.

RECORDING THE PROGRAM: Recording the program with battery-operated tape recorders not requiring podium microphones is permitted for the registrant’s personal use.
