

## Monthly MNI Seminar - Data Blitz Presentation

Thursday July 8<sup>th</sup>, 3:00-4:00 pm

Request Zoom Link: [snoroozi@umich.edu](mailto:snoroozi@umich.edu)

**Huda Akil, Ph.D.**

*Dept.: Michigan Neuroscience Institute and Psychiatry*

**Title:** Susceptibility and resilience to affective disorders: Rodent and human studies

**Dawen Cai, Ph.D.**

*Dept.: Cell and Developmental Biology and Biophysics*

**Title:** Light microscopy approach to profile brain cell types, morphology, and connectivity

**Mike Sutton, Ph.D.**

*Dept.: Michigan Neuroscience Institute and Molecular & Integrative Physiology*

**Title:** Local homeostatic control of synapse function

**Swathi Yadlapalli, Ph.D.**

*Dept.: Cell and Developmental Biology*

**Title:** Biological clocks: How and why do cells keep time?

We invite the greater University of Michigan Neuroscience community to join us and participate in our newly launched MNI seminar series. These will occur the second Thursday of each month, from 3:00 – 4:00 PM. Between April and August, we intend to feature multiple data blitz presentations at each seminar, so that neuroscientists campus wide can learn more about each other's science.
