

Monthly MNI Seminar - Data Blitz Presentation

Thursday June 10th, 3:00-4:00 pm

Request Zoom Link: snoroozi@umich.edu

Sara Aton, Ph.D.

Dept.: Molecular, Cellular, and Developmental Biology

Title: Gating of hippocampal network activity during sleep deprivation

William Birdsong, Ph.D.

Dept.: Pharmacology

Title: Chronic morphine exposure induces opposing adaptations in thalamo-cortical and thalamo-striatal axonal projections

Natalie Tronson, Ph.D.

Dept.: Psychology

Title: Emerging and enduring memory deficits after illness

David Turner, Ph.D.

Dept.: Michigan Neuroscience Institute and Biological Chemistry

Title: microRNAs, transcription factors, and cell fate in the retina

We invite the greater University of Michigan Neuroscience community to join us and participate in our newly launched MNI seminar series. These will occur the second Thursday of each month, from 3:00 – 4:00 PM. Between April and August, we intend to feature multiple data blitz presentations at each seminar, so that neuroscientists campus wide can learn more about each other's science.
