The Reed M. Nesbit Urologic Society, founded in 1972, holds an annual meeting for urologists who trained or were affiliated with the University of Michigan Department of Urology. It is open to residents, fellows, faculty and interested community urologists. This year’s program focuses on a wide range of urology topics. The keynote speaker will be Dr. Freddie Hamdy, head of Oxford’s Department of Surgical Services. The guest speaker will be Dr. Marschall Runge, UMHS Executive Vice President for Medical Affairs and the Dean of the University of Michigan Medical School.

After attending this activity, participants will be able to:
1) Better understand and apply numerous approaches to diagnosing and treating prostate cancer
2) Utilize Advanced Practice Providers in every facet of their clinical practice
3) Implement innovative and effective kidney stone treatment techniques
4) Gain a more complete understanding of the University of Michigan Health System’s trajectory, as well as its position in regional and national position in the field of health care delivery and its business of educating future urologists
5) Obtain a fuller understanding of pressing neuourology and pelvic reconstruction issues, as well as the techniques that can be applied to these issues

The University of Michigan Medical School is accredited by the Accreditation Council for Continuing Medical Education (ACCME) to provide continuing medical education for physicians. The University of Michigan Medical School designates this live activity for a maximum of seven (7) AMA PRA Category 1 Credit(s)™. Physicians should claim only the credit commensurate with the extent of their participation in the activity.
