| 08/2016-04/2017 | At Community Health Services, in the role of an Assistant Medical Director, I was a collaborating physician for three nurse practitioners in the organization. I oriented them to the organizational and clinical workflow. I collaborated with them on difficult cases. I periodically reviewed electronic medical record documentation by providers in the organization to ensure quality metrics. |
| 07/2017-03/2020 | Teaching medical students in the clinical setting during their Family medicine rotation. I am also serving as a primary preceptor for students. |
