Other elective**		1.5	2	2.5	6
Vacation	[1]	1	1	1	3

\*Number represents the number of 4-week blocks (1 = 4 weeks)

\*\*Electives can be scheduled in Adult or Child Neurology as desired during PGY3 to PGY5 years – per ACGME requirements, need to complete a total of 3 months of outpatient clinical adult neurology (which includes Mixed Clinic) and 3 months of elective adult neurology clinical experiences (which includes Bootcamp, Neuropathology, and adult EEG [if selected])

\*\*\*EEG, Neuromuscular, Neurosurgery, Physical Medicine & Rehabilitation, Child & Adolescent Psychiatry, and Neuropathology can be completed anytime during PGY3 to PGY5 years

Additional notes:

- Weekly Child Neurology continuity clinic beginning in PGY2 year
- Aside from Bootcamp, remainder of PGY2 schedule is under the Pediatrics curriculum
- PGY3 schedule also includes 4 weeks of General Pediatrics (because of the swap with Bootcamp)
