

Michigan Mentorship Academy: Mentor to the Max

Why Is Mentorship Important?

Those who receive effective mentorship experience stronger career trajectories and have higher levels of productivity.

The Department of Surgery has explicitly incorporated Mentorship Training into the Achievement arm of the Michigan Promise.

What Attendees Can Expect

- A full-day interactive workshop with speakers, moderated role-play and interactive exercises
- Attendees will realize their potentials as mentors and learn how to maximize their mentoring relationships
- Topics relevant to both mentors and mentees
- A personalized action plan operationalizing lessons learned throughout the day

Who Should Attend?

Mentorship is for everyone. This event is open to both mentors and mentees, inside and outside of the University of Michigan.
