UNIVERSITY OF MICHIGAN

Effective July 1, 2022

U-M NEUROSURGERY CONSULT FORM

ALL NEW PATIENT REFERRAL PACKETS REQUIRE A COPY OF THE PATIENT'S INSURANCE CARD AND PHOTO ID, AND INSURANCE AUTHORIZATION IF PATIENT'S INSURANCE IS OUT OF NETWORK WITH THE UNIVERSITY OF MICHIGAN.

Mailing Address

U-M Neurosurgery
1500 E. Medical Center Drive SPC 5338
Ann Arbor, MI 48109

Phone: (734) 936-7010
Fax: (734) 647-9233

Attn: Neurosurgery Contact Center

Please select a U-M Neurosurgeon from the following pages and submit the required new patient information and imaging, along with this form, to the fax number or address above. Please call (734) 936-7010 with any questions.

Today's Date: _____

Patient Demographics

Patient's Last Name: _____

First Name: _____ Middle Initial: _____

Legal Gender: Male Female Other

Date of Birth: _____

Mailing Address: _____

City: _____ State: _____ Zip: _____

Primary Phone Number: _____

Email Address: _____

Type of Visit: New Patient Return Visit

Patient Type: Pediatric Adult

Neurosurgeon Requested *(Refer to pages 4-10 for Neurosurgeon subspecialties - check only one)*

Diagnosis/Reason for Referral (Subspeciality and Diagnosis)

Spine

- Cervicothoracic stenosis/myelopathy
- Degenerative spine disorders/disc herniation
- Lumbar stenosis
- Scoliosis
- Spinal/spinal cord tumors
- Spondylolisthesis/pars defect
- Traumatic spinal injury

Traumatic Brain Injury

- Neurosport/concussion
- Traumatic brain injury

Brachial Plexus/Peripheral Nerve Injury

- Adult brachial plexus injuries
- Nerve entrapment syndromes
- Nerve tumors
- Peripheral nerve pain disorders

Neurovascular

- Arteriovenous malformations of brain/spinal cord
- Carotid disorders
- Cavernous/Venous malformations of the CNS
- Cerebral aneurysms
- Stroke

Brain Tumor

- Acoustic neuromas
- Cerebrospinal fluid leaks
- Malignant brain/spinal tumor
- Metastatic brain/spinal tumor
- Nasal/sinus tumors and cancers including carcinoma, melanoma, esthesioneuroblastoma, and sinonasal undifferentiated carcinoma
- Pituitary tumor
- Primary brain/spinal tumor/glioma/glioblastoma

Functional Neurosurgery

- Epilepsy
- Movement disorders/Parkinson's Disease/Essential Tremor
- Pain neuromodulation
- Psychosurgery/Depression
- Spasticity
- Trigeminal neuralgia and facial pain

Pediatric and/or Adult Developmental Conditions

- Chiari malformations and syringomyelia
- Congenital anomalies of the brain/spinal cord
- Hydrocephalus
- Medically refractory epilepsy
- Neonatal/pediatric brachial plexus palsy
- Neurogenetic disorders
- Pediatric head/spinal cord injury
- Pediatric spinal column disorders
- Spina bifida and myelomeningocele (including *in utero* closure)
- Surgical therapy for spasticity
- Tethered spinal cord
- Tumors of the brain, spinal cord, skull or bony spine
- Vascular anomalies of the brain and spinal cord

Insurance

Patient's Primary Insurance:

N/A

Public/Private

Company name: _____

Group number: _____

Contract number: _____

Worker's Compensation

Patient's worker's compensation approval number: _____

Date of patient's injury related to worker's compensaton: _____

Auto Insurance

Patient's auto insurance approval number: _____

Date of patient's injury: _____

Patient's Secondary Insurance (if applicable):

N/A

Public/Private

Company name: _____

Group number: _____

Contract number: _____

Worker's Compensation

Patient's worker's compensation approval number: _____

Date of patient's injury related to worker's compensaton: _____

Auto Insurance

Patient's auto insurance approval number: _____

Date of patient's injury: _____

Referring Physician

Referring Physician Name: _____ NPI#: _____

Mailing Address: _____

City: _____ State: _____ Zip: _____

Phone: _____ Fax: _____

Email Address: _____

Office Contact: _____

Adult Neurosurgery Providers

Surgeon	Subspecialties	Required New Patient Information with Referral Form
Wajd N. Al-Holou, MD	<p>Brain Tumor</p> <ul style="list-style-type: none"> • Metastatic brain tumor • Primary brain tumor/glioma/glioblastoma • Unspecified brain mass/lesion <p>Hydrocephalus</p> <ul style="list-style-type: none"> • Adult hydrocephalus 	<ul style="list-style-type: none"> • MRI or CT within last 6 months • Recent, relevant office note(s)
