### The Michigan Promise in Oral & Maxillofacial Surgery: Women in Oral & Maxillofacial Surgery Symposium

<table>
<thead>
<tr>
<th>What is the problem?</th>
<th>How was it applied?</th>
</tr>
</thead>
<tbody>
<tr>
<td>In OMS, women are significantly underrepresented as trainees and practitioners.</td>
<td>The internationally-attended symposium included invited lectureships, a wellness retreat, dynamic workshops, breakout sessions, and networking opportunities.</td>
</tr>
</tbody>
</table>

#### What is the principle?

The 2nd Women in OMS conference held in March 2019 focused on leadership, conflict management and career development.

#### What did we learn?

We have developed a network of women in OMS and a forum for open discussion, networking, mentorship, and sponsorship.
