

**The Division of Pediatric Psychology at Michigan Medicine** invites applications for a faculty appointment (open rank) within the Department of Pediatrics at the University of Michigan Medical School. Michigan Medicine is located in Ann Arbor, a vibrant and diverse community consistently rated as one of the [best places to live in the United States](#).

The division seeks a pediatric psychologist to join the [Comprehensive Pediatric Diabetes Program](#). Our multidisciplinary team evaluates approximately 120-150 newly diagnosed children each year and provides ongoing care to more than 1,500 children and adolescents with diabetes. Clinical effort will be directed toward providing behavioral health services to youth with diabetes during routine outpatient, multidisciplinary clinic visits, inpatient admissions at the time of initial diagnosis or disease exacerbation, and through the Pediatric Psychology Outpatient Clinic, as indicated. Based on the background of the candidate, effort will be allocated to allow opportunity to engage in extramurally funded research/scholarly activity that aligns with the overall objectives and activities of the Division of Pediatric Psychology, Division of Pediatric Endocrinology and the [Elizabeth Weiser Caswell Diabetes Institute](#).

The administrative home of the successful candidate would be the [Division of Pediatric Psychology](#), which is comprised of over 20 faculty who are fully integrated into pediatric subspecialty areas, and have close and supportive working relationships with both community pediatricians and hospital-based physician specialists. Supervision and training for pediatric psychology postdoctoral fellows, interns, advanced practicum students, pediatric house officers, and medical students is expected.

Applicants should possess a doctoral degree from an APA/CPA-accredited program and internship, postdoctoral training in pediatric psychology and be licensed or license-eligible as a psychologist in the state of Michigan. Successful applicants will have clinical experience working with children, adolescents and families living with diabetes. Experience in program development, implementation and clinical research is also desired. Faculty rank and compensation will be commensurate with qualifications and experience.

**The review process will begin immediately and continue until the position is filled. Applicants should send a CV and letter of interest to Emily Fredericks, Ph.D., Director, Division of Pediatric Psychology ([emfred@med.umich.edu](mailto:emfred@med.umich.edu)).**

*Michigan Medicine conducts background screening and pre-employment drug testing on job candidates upon acceptance of a contingent job offer and may use a third-party administrator to conduct background screening. Background screenings are performed in compliance with the Fair Credit Report Act.*

*Michigan Medicine seeks to recruit and retain a diverse workforce as a reflection of our commitment to serve the diverse people of Michigan and to maintain the excellence of the University. We welcome applications from anyone who would bring additional dimensions to the University's research, teaching, and clinical mission, including women, members of minority groups, protected veterans, and individuals with disabilities. The Department Pediatrics, like the University of Michigan as a whole, is committed to a policy of nondiscrimination and equal opportunity for all persons and will not discriminate against any individual because of race, color, national origin, age, marital status, sex, sexual orientation, gender identity, gender expression, disability, religion, height, weight, or veteran status. The University of Michigan is an Equal Employment Opportunity/Affirmative Action Employer.*

### About the Division of Pediatric Psychology:

Currently comprised of over 20 psychologists who are integrated within medical teams to maximize the overall health of children and their families using principles of behavioral science, the division has three primary missions:

**CLINICAL CARE** - Comprehensive evaluation and treatment for children and adolescents who have challenges with growth, development, behavior or adaptation to illness. [Clinical care](#) occurs in the context of our Outpatient Pediatric Psychology Clinic, Pediatric Psychology Clinic, Inpatient Consultation/Liaison service, multidisciplinary subspecialty clinics and primary care clinics.

**RESEARCH** - Division research is funded by the National Institutes of Health, Patient-Centered Outcomes Research Institute (PCORI), the American Heart Association, private foundations and internally through University of Michigan initiatives.

**EDUCATION** - The [Pediatric Psychology Training Program](#) offers advanced education in the science of pediatric psychology and the integration of research and clinical service in a pediatric academic medical center. We offer training at the postdoctoral fellowship, predoctoral intern and advanced practicum placement levels.

# ABOUT ANN ARBOR

Ann Arbor is many things, including a bustling university town, culinary hotspot and a tech hub with a walkable downtown that includes world-class arts and culture. Located in southeast Michigan's Lower Peninsula, Ann Arbor has become a cultural melting pot and urban oasis.

- A short drive from three major cities (Detroit 43 miles; Chicago 240 miles; Toronto 274 miles) and scenic Northern Michigan (240 miles).
- The state of Michigan boasts the longest freshwater coastline in the continental U.S., at nearly 3,000 miles long.

## Arts & Culture

A nationally known Art Fair, parades of giant paper-mâché puppets and musical geniuses like Yo-Yo Ma make the Ann Arbor area a catalyst for creativity and well-known arts and culture. Ann Arbor is home to renowned galleries, museums and arts non-profits as well as theatrical and musical organizations that put on a wide range of excitingly unique performances. You'll find independent bookstores, unique galleries and a variety of top-notch museums all within the downtown area.

## Family Friendly

Families will find numerous educational, interactive and down-right fun museums such as the Ann Arbor Hands-On Museum – a children's museum – and the University of Michigan Museum of Natural History, showcasing towering dinosaur bones. Scattered fairy doors across the city, the Creature Conservancy, Matthaei Botanical Gardens and the Petting Farm at Domino's Farms are some additional kid-friendly activities in the area.

## Recreation & Outdoors

From kayaking, canoeing, tubing and stand-up paddle boarding on the Huron River in the summer, to cross-country skiing, snowshoeing and ice skating in the cooler months, there's plenty to do. Washtenaw County's impeccably maintained parks offer ample opportunity for hiking and picnicking, and the neighboring city of Chelsea offers some of the best mountain biking trails in the state through expansive state parks and recreation areas.

## Restaurants

Ann Arbor has a diverse international food scene, with over 400 restaurants offering fare ranging from authentic Ethiopian cuisine to scrumptious Eastern European food, and from award-winning Italian restaurants to delicious American classics. For a pet-friendly meal, take advantage of the beautiful patio dining downtown, or consider grabbing a plate to go from a local food truck.
