Greetings from Silver Club!

Summer went by so quickly, and we are now moving on to crisp weather, falling leaves, and apple cider (my favorite!). Fall at Silver Club bring lots of new student volunteers- eager to learn and to give back to the community. Silver Club’s members enjoy interacting with the volunteers and providing valuable career/ life advice.

We are already planning for The Big Hearts for Seniors 2020 event! On May 7th, members of our community will tell stories as it relates to aging (our theme this year is ‘Big Hearted Stories’). Please see the save the date included in this edition and check out the website for more information on how YOU could be chosen to tell your story! https://victors.us/bighearts-forseniors

Sincerely,
Shannon Etcheverry, LMSW

Silver Club Garden

This Spring and Summer, the Silver Club life skills group planted a beautiful herb and vegetable garden. The group was very excited and waited in great anticipation to enjoy the rewards of their labor. The group planted tomatoes, green peppers, zucchini and cucumbers. In the back of the garden, the members created a flower garden that consisted Petunias, Marigolds, and for the fall they planted beautiful mums. Some of these herbs and spices include oregano, jalapeno peppers, mint, and chives. The members watered the garden daily and sat in amazement as they waited eagerly to see the fruits of their labor.

The life skills group, along with other groups of the silver club programs, created many edible treats from the garden. Some of the treats created were zucchini bread, and fried green tomatoes. The flowers and mums were donated to the Silver Club program by Zywicki’s Greenhouse in Belleville, Michigan.
Silver Club Visitors from Taiwan

This summer, two students from Mackay Medical College, Institute of Long-Term Care Master in Taiwan visited us at Silver Club Memory Programs. Da-Wei (David) Ren, and YiHan (Ellen) Chiu (also a Doctor in Biological and Technology, and an Assistant Professor teaching in Nursing Department at St. Mary’s Junior College of Medicine), joined us for a week. While visiting, they participated in a tower building competition, taught our members how to make delicious pork dumplings, shared Chinese calligraphy, and taught our members how to pronounce their names in Chinese. Hand-painted gifts created by Ellen’s mother were presented to each member that Ellen personalized, writing each member’s name in Chinese on the beautiful bookmarks, and paper fans she brought. They also gave mini talks on Asia, Taiwan sharing so much of their Chinese culture.

They were a delight to have with us. They touched all of us with their caring personalities and showed us their joy for life and the program. They shared that they had been told what a wonderful program we have here at Silver Club Memory Programs and wanted to experience the program.

On their last day, Ellen stopped by Silver Club with her husband and parents on their way from the airport. While here, her mother painted a beautiful banner for us that represents Silver Club. The first Chinese character translates as “Silver”, the second “Hair”, the third “Together”, the fourth “Happiness”, and the last “Facility”. That is the perfect definition of Silver Club! It was a wonderful collaboration and we hope to have many more visitors in the future.

Elderberry Club Canvas Painting

Inspired by the Simpsonville painting at the UM Art Museum this past Spring, the Elderberry Club members embarked on a creative adventure and produced their own collaborative painting. Over the course of three weeks, our large canvas was primed and painted in the style of Edward Avedian by all the members as a group effort. When the Elderberry women visited UMMA in October, the docents had included the Simpsonville painting in our tour. How surprised they were to learn this painting provided the inspiration and influenced our summer creative project! The finished canvas will hang on the wall at TSRC and be a beautiful example of what can be accomplished by individuals who all work together.
Walk to End Alzheimer’s

This year, Silver Club participated in the Alzheimer’s Associations’ Walk to End Alzheimer’s. It is the world’s largest event to raise awareness and funds for Alzheimer’s care, support and research. The walk is held annually in 600 communities nationwide, with about 60 of those communities right here in Michigan. The 123 teams and 951 participants here in our backyard of Washtenaw managed to raise over $199,738 for the cause. Accompanied by our Silver Club/Therapaws mascot, Robin, Silver Club joined with the ‘Michigan Medicine For A Cause’ team to complete the 3 mile trek around Pioneer High School. The warm weather and cheers of support from passer-byers made the day exceedingly memorable. Silver Club will be certainly looking forward to supporting the cause in the coming years.

An Opportunity to Support Silver Club

The goal at Silver Club is to always accept families in need, even if they are experiencing financial difficulties. We use a sliding-fee scale so that each family pays what it can afford. The balance comes from grants and assistance from a wide array of supporters. We are so grateful to Silver Club families and friends for their generous support of our programs in whatever way they feel comfortable.

How You Can Help:
Be an ambassador – promote the Silver Club by referring families who are caring for a person with memory loss to our programs.
Volunteer – if you have time, there are many ways to help, including spending time with members during program hours, participating on Silver Club committees, or helping with special, time-focused projects.
Make a gift – the Silver Club relies significantly on public funding and contributions. “Gifts in kind” such as artwork, books and equipment make an immediate impact. The easiest way to make a monetary gift is through our online link: https://leadersandbest.umich.edu/find/#/give/basket/fund/367384.
