Activities: Expected hours per week in formal educational sessions (sum of lectures, conferences, teaching rounds) - Maximum 40 hours per week	Approximately 3 hours
Activities: Overall number of elective hours per week (Note: M4 electives should carry approximately 40 hours of work per week) - Maximum 80 hours per week	Approximately 50 hours
Course Description	This two-week OBSERVERSHIP is geared specifically toward students pursuing fields other than Ophthalmology. During this course, students will be taught basic ophthalmologic knowledge to prepare them to handle non-vision threatening ocular diseases and to teach them when and how quickly to refer to an Ophthalmologist. This course includes lectures highlighting & practicing exam skills/equipment, ocular trauma, red eye, imaging, and vision loss.
Coure Description 2	Your elective evaluation is based on the following components: -Feedback from the Medical Student Clerkship Director team (Dr. Ariane Kaplan, Dr. Tatiana Deveney, and Dr. Adam Jacobson) residents, staff, and faculty -Attendance at and participation in required lectures, meetings, Grand Rounds, and at daily OR/clinical assignments -Completion and passing score on the 9 "The Eyes Have It" online learning modules by the end of your elective, unless otherwise noted on the lecture schedule -Completion and score on the final examination -Completion of the elective evaluation (through Qualtrics)
